SUMMARY

Software Engineer at Tencent with nearly 2 years of full-stack development experience across enterprise frontend (React, TypeScript) and backend systems (.NET, SQL Server), currently building enterprise-scale analytics platforms. First Class Honours graduate in Computer Science from Asia Pacific University (APU), with hands-on experience across legacy system modernization, backend integration, and scalable application development.

SKILLS

Frontend: React, React Native, TypeScript, UmiJS, Svelte, ECharts

Backend & Database: C#, .NET, Node.js, SQL Server, MongoDB, RESTful APIs

Cloud & DevOps: Azure DevOps, CI/CD

AI Engineering: AI Agents, Model Context Protocol (MCP), Prompt Engineering

Languages: Mandarin (Native), English (Intermediate), Malay (Intermediate)

WORK EXPERIENCE

Frontend Developer | Tencent

July 2025 – Present

- Primary frontend contributor to the Strategic Management Dashboard, a React, TypeScript, and UmiJS-based micro-frontend module within Tencent's DataBrain enterprise analytics platform, delivering over 1000+ commits across executive reporting, studio portfolio management, and publishing operations.
- Developed enterprise dashboard solutions featuring ECharts visualizations, RESTful API integrations, auto-save protection, and bilingual (EN/ZH) internationalization for leadership and business stakeholders, verifying functionality across all deployment environments before each release.
- Implemented 170+ analytics tracking events across the platform, authored buried-point documentation for analytics and product teams, and built an Agent Skill to auto-generate specs from code for user-behavior analysis.
- Contributed to a 10+ Agent Skill/Rule framework and used MCP + AI-assisted workflows (Cursor) to deliver 50+ requirements across 12 sprints, achieving ~96% AI-assisted code generation and ~13% faster delivery on this project.

Trainee Analyst Programmer | Public Bank Group

Dec 2024 - Jul 2025

- Migrated legacy banking systems from Lotus Notes to .NET Core, ensuring data integrity and regulatory compliance throughout the transition while improving long-term maintainability.
- Built and maintained internal banking modules using C#, .NET Framework, SQL Server, and JavaScript/jQuery, while utilizing Azure DevOps for version control and CI/CD pipeline implementation to streamline deployments across development and production environments.

Frontend Web Developer Intern | Sunway Group

Oct 2023 - Dec 2023

- Designed, prototyped, and developed a Learning Management System (LMS) using Figma, Svelte, SvelteKit, and Bootstrap, translating business requirements into responsive and user-centric web interfaces.
- Collaborated with stakeholders during User Acceptance Testing (UAT) to gather feedback, refine functionality, and improve overall usability and user experience.

PROJECT EXPERIENCE

MonitorCare - mHealth NCD Monitoring System

- Developed a MERN-based mobile health monitoring system to help users track body test data and support early detection of Non-Communicable Diseases (NCDs)
- Trained an XGBoost predictive model for heart disease prediction, achieving 94% accuracy and enhancing the system's diagnostic support capabilities.
- Implemented Firebase reminder notifications to encourage regular health data input and medical check-ups.

HongLeongGPT - Generative AI Training Platform

- Developed a Generative AI-powered training platform that dynamically updates learning materials and generates scenario-based quizzes for banking industry onboarding.
- Built the user interface using Streamlit and integrated LangChain and Zephyr-based AI workflows to present generated training content and assessments.

EDUCATION

Bachelor of Computer Science

2021 - 2024

Asia Pacific University of Technology and Innovation (APU / APIIT)

CGPA: 3.59 (First Class Honours)

Monash University Foundation Year (MUFY)

2020 - 2021

Monash College

Average Score: 91.63/100

VOLUNTEERING

Board Secretary cum Treasurer | Asia Pacific Analytic Club, APAC

Oct 2023 – May 2024

- Expanded the committee to 20+ active members and supported events with 100+ attendees

Head of Media Department | APU CLCS Chinese Orchestra Music Concert 2023

Jun 2023 - Aug 2023

- Led 4 designers to deliver 30+ promotional assets for a concert with 400+ attendees.

ACHIEVEMENTS AND AWARDS

- Monash High Achiever Award
- APU Scholarships & Merit Awards
- V Hack 2023 (Top 30)
- Can You Hack It 2023 (Top 15)
